

Dearest Off-Broadway Family,

It is with a heavy heart that we are writing this letter to tell you that we have sold our studio home at 118 S. Washington Street and we will be holding our last classes on Saturday, June 26th. The Off-Broadway Performing Arts Studio has been the home away from home for hundreds of students since we opened our doors in August of 2010. In that time our dance family has grown, adding new teachers, students, and their families each year.

Off-Broadway is still a family. Think of this as selling the family homestead. To celebrate, reminisce, and yes, mourn this event, we will be holding an **open house at the studio 1:00-4:00 on Sunday, June 20th** for everyone who is a member of our studio family. Our studio family is any person and their family who has shared, learned, and grown as a performer under our roof during our eleven years of operation. We would love to have you join us one last time to say goodbye to the homestead. We will have free recital t-shirts available, free trains from the play area, and OBPAS merchandise for sale for 75% off. Stand at the barre, do a combination across the floor, or just have a seat at the kitchen table for old time's sake.

Just because the studio is closing does not mean that you can no longer dance! We have teachers who are still in the area and some will still be teaching dance to those who wish to continue. Where and when those classes will happen has not been determined yet, but we will be happy to support our OB family members by acting as facilitators in any way that we can. Our Off-Broadway Facebook page will be a place where you can learn about any future opportunities available to pursue dance.

We have always said that at Off-Broadway we're a family, and as such it is only proper that we start having family reunions every summer. The current thinking is a potluck in a park sometime in July. Stay tuned for more details. The Studio has bonded us as a family and family is forever.

Thank you to all of you for letting us into your lives. We are so much richer for the experience of having created this space together.

Love Always,

John & Allyson Klak

Off-Broadway Performing Arts Studio
